CLINICAL AUDIT RELEASE NOTES V 2.11 – JANUARY 2011

These release notes are provided to give an overview of the issues that have been reported and fixed in this release of Clinical Audit. Where necessary explanatory notes are given about new or upgraded functionality.

Some of the new functionality will not be activated yet for Genie Solutions, Zedmed and practiX users as additional data needs to be extracted. This is indicated by an * next to the issue number. Functionality will be available once the vendors have the opportunity to update their extraction routines.
