

# Ethnicity Filtering

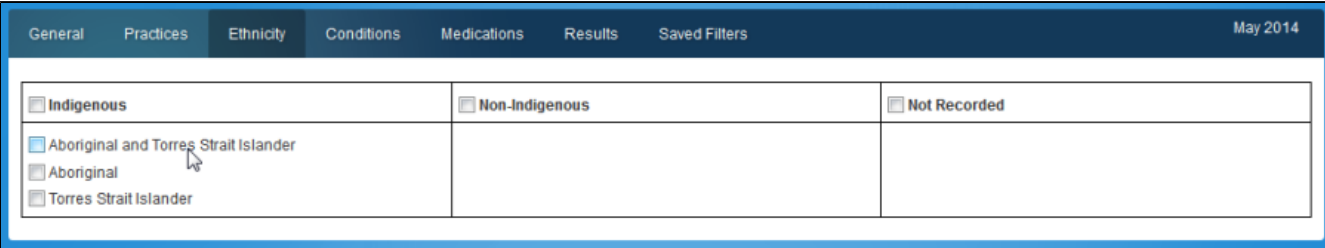

Figure 82: Ethnicity Filtering

Patient data can be filtered as follows:

<p><b>Ethnicity</b></p>	<p>Indigenous            Aboriginal and Torres Strait Islander            Aboriginal            Torres Strait Islander            Non-indigenous            Not Recorded            No selection = All</p> <p><b>NOTE:</b> Ticking multiple boxes on the top line of the table will create an OR criteria (i.e. Indigenous OR Non- Indigenous; Non-Indigenous OR Not Recorded, etc.) Ticking multiple boxes below the top line will create an AND criteria.</p>
