Date Range Results Filtering

1 / 1 Practices Included

Last Recorded Result

The date range selected will filter out results or events that are not within the selected period and treat them as not recorded. This filter is not applicable to graphs that display time periods. Use for: Measures, Pathology, MBS Items, After Hours, Visit Types and Digital Health (SHS/ES uploads), Smoking/Alcohol, Influenza

○ All

○ <= 6 months   ○ <= 12 months   ○ <= 15 months   ○ <= 24 months

○ Date Range (from - to)

[   ] 📅 to [   ] 📅

🖉 **Clear Results**

This filter allows the user to view the last recorded result that falls within a specified time period or date range. This filter is not applicable to graphs that display time periods.

Use for:

- Measures
- PathologyMBS Items
- After Hours
- Visit Types
- Digital Health (SHS/ES uploads)
- Smoking
- Alcohol
- Influenza

By selecting a date range of

- <= 6mths
- <=12 mths
- <=15 mths
- <=24 mths
- User defined range

PAT CAT will filter out results that have not been measured within the selected period.
Results outside the selected period are treated as 'Not recorded'.
This will give a more meaningful picture for charts like HbA1c where old results are generally not relevant.
The filter is only applicable to some charts. Where the filter has been applied the chart title will include the selected period.
For example:

HBA1c Status [population = 6984]

with last recorded result 3/3/2008 - 3/9/2008
