

AMA CPD Tracker App

The Australian Medical Association (AMA) has created a CPD Tracker that allows you to upload CPD documentation, providing guidance on your CPD requirements for your college(s) and can track points against almost any specialty. The AMA CPD Tracker is available on [doctorportal Learning](#) provides 24/7 access to mobile-friendly, online medical learning.

- Medical college accredited learning - from specialty topics to medical ethics, compliance and communications.
- Learn at your own pace and pick up where you left off on any device.
- Ongoing access to many existing and upcoming learning modules absolutely free.

FREE Subscription to CPD Tracker for EVERY Medical Practitioner

Free to sign up for all users and enjoy unlimited access to over 95 learning modules. [Sign up now](#)

[Get started today!](#)

If you are an AMA Member, there is no need to sign-up. Simply login using your Federal AMA account email login and password. Go to **My AMA Dashboard** and click the CPD Tracker odometer to get started.

Click on the logo below to watch a quick video showing how the doctorportal works:

CPD tracking irrespective of practice

- Effortless **CPD tracking** for multiple specialties or non-specialty needs.
- Progress dashboard with **reporting deadlines** at a glance.
- Medical Board of Australia/AHPRA **audit-ready reports** at your fingertips.
- Upload and **track** your external learning

The doctorportal Learning CPD Tracker provides you with a streamlined and easy way to keep tabs on your learning and meet your Medical Board of Australia (MBA) reporting obligations. With a personalised dashboard, you're always up-to-date with your CPD progress. As you'd expect, doctorportal Learning module completions are seamlessly integrated - you can easily upload other completed activities from any other provider helping to meet your CPD requirements.

CPD tracking for every medical professional

- Add your medical college and scope of practice to your **My Learning Profile**
- Know your own **CPD requirements** for the Medical Board of Australia and/or your specialist college(s)
- **Easily** track your engagement with doctorportal Learning CPD activities on **My Dashboard**
- **Upload your external CPD learning evidence** with full CPD Tracker integration
- View **My Dashboard** for **comprehensive tracking** of your CPD progress in one place
- Download and print your CPD report to **meet your reporting obligations**
- Print your **cycle period dashboard** for easy reference at any time
- **Access your past CPD reports** anytime.

Pen CS has created a **Topbar app** to make access to the online portal easy. The app will show on the left hand side of Topbar and, when clicked, open up the AMA Doctor Portal site.
