# Diabetes Cycle of Care Eligibility

For patients with a coded diagnosis of diabetes, Topbar will show the cycle of care MBS item under the relevant section if the item hasn't been claimed already. This item lists all individual components of the cycle of care and provides a link to your clinical system to enter the respective information. Pathology results will normally be imported automatically, but there are a number of other items that are normally performed at the practice and need to be in the correct field of your clinical system to be recognised.

This display of a patient's status allows the clinician to quickly see what items/actions are outstanding to complete the CoC and then to enter, where possible, the missing information.

The 'ADD IN CLINICAL SYSTEM' link will open the relevant window in your clinical system:

2517, 2521, 2525, 259, 260, 261, 262, 263, 264	Diabetes CoC		3/15			
Activity	**Frequency**		**Action**			
eGFR	every 12 months		⦿	Diabetes CoC - 2517, 2521, 2525, 259, 260, 261, 262, 263, 264		
HbA1c	every 12 months		✓			
Eye Examination	every 24 months		⦿	Relevance Criteria: **Diabetes condition (Type 2 Diabetes Mellitus)**		
BMI	twice every cycle of care		✓			
Blood Pressure	twice every cycle of care		⦿	Details: MBS Online		
Total Cholesterol	every 12 months		✓			
Triglycerides	every 12 months		⦿	Last Claim Date: **No Billing History**		
HDL	every 12 months		⦿			
Microalbuminuria	every 12 months		⦿	Minimum Claim Period ☐ **12 month(s) Overdue**		
Foot Exam	twice every cycle of care		⦿			
Provide Self-care Education	every 12 months		⦿	Claimed Elsewhere		Defer
Review Diet	every 12 months		⦿			
Review Levels of Physical Activity	every 12 months		⦿			
Medication Review	every 12 months		⦿			
Check Smoking Status	every 12 months		⦿			

For some items, Topbar can't extract the information from the clinical system and requires the user to manually enter the information. In the example above are four items in orange. All other action items are read directly from the patient record, and when clicking on the red button, Topbar will jump to the correct entry form in the CIS. For the orange items, Topbar will provide a form to enter the relevant information:

Provide Self-care Education	every 12 months	⦿
Completed on: _____ 🗓	CONFIRM CANCEL
