

Identify patients seen by a particular provider or group of providers

Unknown macro: 'export-link'

Recipe Name:	Identify patients seen by a particular provider or group of providers
Rationale:	Sometimes it might be useful to filter for patients that were seen only by one provider or patients seen only by doctors or other provider groups. This filter can be combined with any other filter to see only those patients.
Target:	Focus on patients only seen by a particular provider or provider group either for all times or in a specific time frame.
CAT Starting Point:	<ol style="list-style-type: none"> 1. CAT Open - CAT4 view (all reports) loaded 2. Population Extract Loaded and Extract Pane "Hidden" <ol style="list-style-type: none"> a. Filter Pane open and under the 'General' tab 'Active Patients' (3x <2 years) selected (this step can be omitted if you want to search for all patients).

Filter Steps

- OPTIONAL: Under the 'Date Range Visits' tab, choose the date range you want to report on, in this example the last 12 months

General Ethnicity Conditions Medications Date Range (Results) **Date Range (Visits)** Patient Name Patient Status Providers Risk Factors MBS Attendance Saved Filters

Date Range for Visit

The date range selected will filter out patients who have not visited within the selected period.

☐ All
☐ <= 6 mths
☒ <= 12 mths
☐ <= 15 mths
☐ <= 24 mths

☐ Date Range (from - to)
 01/ 01/ 2021 01/ 01/ 2021

Use for:
Registrar CAT
SHS Uploads by Provider

Clear Visits

- Under the 'Provider' tab, choose the 'seen by any provider' from the drop down menu
- Choose the provider or provider group you want to filter for, e.g. all doctors or all non doctors

General Ethnicity Conditions Medications Date Range (Results) Date Range (Visits) Patient Name Patient Status **Providers** Risk Factors MBS Attendance Saved Filters

Patients by Any Visit to Provider in Last 3 Years

Name	Provider No.	Role	Phone (H)	Phone (W)	Phone (M)
<input checked="" type="checkbox"/> Surname_0	PROV0000	DOCTOR		5555 9999	
<input checked="" type="checkbox"/> Surname_1	PROV0001	DOCTOR		5555 9999	
<input checked="" type="checkbox"/> Surname_10	PROV0010	DOCTOR		5555 9999	
<input checked="" type="checkbox"/> Surname_11	PROV0011	DOCTOR		5555 9999	
<input checked="" type="checkbox"/> Surname_12	PROV0012	DOCTOR		5555 9999	

Change filter: **FilterByAnyVisitToProvider**

☒ Select All/None ☒ Hide Providers with No Patients

This will show only those patients seen by any of the selected provider(s) - in my case the four providers selected in the last 12 months. You can add this filter to other recipes or your own filters to narrow your search results
