

# SHS Age

This graph will show patients that have a SHS (the number will match that on the My Health Record and SHS graph) and, of that group, the age of the SHS. The age is calculated using the last upload date. **The graph breaks down the data by the following criteria:**

- < 1 month
- 1 - < 2 months
- 2 - < 3 months
- 2 - < 6 months
- $\geq$  6 months
