

February 2020

Topbar 2.7 Release notes

- The App User Interface (UI) has been redesigned for the following apps:
 - Cleansing App
 - MBS App
 - Patient Health Summary
 - Prompts App
 - Waiting Room App

The UI changes do not affect the functionality of the apps listed above.

- The Zedmed – Topbar interface has been rewritten to improve performance and to align with changes in the Zedmed database structure
- Minor bug fixes and improvements
